**GOVERNMENT OF THE DISTRICT OF COLUMBIA  
BOARD OF ZONING ADJUSTMENT**

**Application No. 17556 of Murillo/Malnati Group**, pursuant to 11 DCMR § 3103.2 for a variance from the rear yard requirements under section 404 to allow the renovation of four existing row dwellings and the construction of a new addition at the rear of the property in the R-5-D Zone District at premises 2816-2822 Connecticut Avenue, N.W. (Square 2107, Lots 56, 57, 75, and 76).

**HEARING DATE:** January 16, 2007  
**DECISION DATE:** January 16, 2007 (Bench Decision)

**DECISION AND ORDER**

The Applicant filed an application with the Board of Zoning Adjustment on September 16, 2006, for a variance from the rear yard requirements, pursuant to 11 DCMR § 3103.2, of Section 404 to allow the renovation of four existing row dwellings and the construction of a new addition at the rear of the property in the R-5-D Zone District at premises 2816-2822 Connecticut Avenue, N.W. (Square 2107, Lots 56, 57, 75, and 76), (the "Property"). Following a public hearing, the Board voted 5-0-0 on January 16, 2007 to grant the application.

**PRELIMINARY MATTERS**

Notice of Application and Notice of Hearing. By memoranda dated September 15, 2006, the Office of Zoning advised the Applicant, the Office of Planning, the Department of Transportation, ANC 3C02 (the ANC for the area in which the Property is located), and the Councilmember for Ward 3, of the application.

The Board scheduled a public hearing on the application for January 16, 2007. Pursuant to 11 DCMR §3113.13, on October 25, 2006, the Office of Zoning mailed the Applicant, the owners of all property within 200 feet of the subject property, ANC 3C, the Office of Planning, and the Department of Transportation letters providing notice of hearing.

The Applicant's affidavit of posting noted that the Property was properly posted on December 29, 2006.

Request for Expert Witness Status. The Applicant requested that the project architect, Bill Bonstra, of Bonstra Haresign Architects LLP, be admitted as an expert witness. The Board granted this request and Mr. Bonstra was admitted as an expert witness in architecture.

**BZA APPLICATION NO. 17556****PAGE NO. 2**

Requests for Party Status. Advisory Neighborhood Commission (“ANC”) 3C was automatically a party in this proceeding. Requests for Party Status were filed by: (i) Rikke Davis (Garner) and Patrick Kevin Garner (owners of the property located at 2815 27<sup>th</sup> Street, N.W.); (ii) Deborah J. Freis and James H. Freis, Jr. (owners of the property located at 2635 Garfield Street, N.W.); and (iii) a group of concerned neighbors (“Concerned Neighbors”) who lived within 200 feet of the Property and included Mrs. Davis/Mr. Garner and Mr. and Mrs. Freis. The request for party status from the Concerned Neighbors was not filed in a timely manner. By a vote of 4-1-0, the Board granted party status to the Concerned Neighbors, with the understanding that Mrs. Davis/Mr. Garner and Mr. and Mrs. Freis would be represented by the Concerned Neighbors.

Applicant’s Case. Paul Tummonds, Esq., of Pillsbury Winthrop Shaw Pittman LLP represented the Applicant.<sup>1</sup> Testimony was presented by Julio Murillo, representative of the Applicant, and Bill Bonstra, project architect, regarding the project’s satisfaction of the area variance standards.

Government Reports. By a report dated January 9, 2007 (Exhibit 25) and in testimony at the public hearing, the Office of Planning (OP) recommended approval of the application. No other government reports were received.

ANC 3C: The ANC voted, at a regularly scheduled meeting on November 20, 2006 with a quorum present, by a vote of 8-0 to recommend approval of the variance application.

Parties and Persons in Support of the Application. There were no parties or persons in support of the application that appeared at the public hearing.

Parties and Persons in Opposition to the Application. Five persons (Stephen Eadland, Harriet Kelman, Hugh Henry May, Margaret O’Brien, and John Dunford) testified in opposition to the application at the public hearing.

**FINDINGS OF FACT****The Property and the Surrounding Area**

1. The Property is located along Connecticut Avenue, approximately two blocks north of the Adams Morgan/Woodley Park/National Zoo Metro Station in the Old Woodley Park Historic District.
2. The Property is bordered by a nine story apartment building to the north, an alley to the west, a row dwelling and a four story apartment building to the south.
3. To the west of the alley at the rear of the Property, in the interior of Square 2107, is a large surface parking lot that provides parking spaces for the apartment building to the north of the Property.

---

<sup>1</sup> The Applicant is the contract purchaser of 2822 Connecticut Avenue. On January 23, 2007, the Board received a letter from Irma S. Lann, Trustee of the Irma S. Lann Revocable Trust, which evidenced the Applicant’s authority to pursue this application.

**BZA APPLICATION NO. 17556****PAGE NO. 3**

4. The properties immediately to the west of the Property are located in the R-3 Zone District. The properties along Connecticut Avenue approximately two blocks to the south are located in the WP/C-2-A and WP/C-2-B Zone Districts.

**Proposed Development of the Project**

5. The Applicant proposes to renovate four existing townhouses that are currently occupied on the Property and construct a new addition at the rear of the Property. The exteriors of the existing row dwellings along Connecticut Avenue will be maintained, as will the building heights of approximately 45 feet.

6. The proposed addition will have a building height of approximately 74 feet. The addition will not have a mechanical penthouse on the roof. The proposed addition will include approximately 21 residential units and the total project will include approximately 33 residential units.

7. The project will have a floor area ratio ("FAR") of 3.5 and will include 16 full-sized parking spaces. The addition will include full architectural treatment of all sides of the building. The rear of the addition will include bay windows that extend from the rear facade of the building, suspended above the rear parking.

8. The proposed addition will provide a rear yard of 19 feet - 6 inches to the face of the rear wall of the addition and 15 feet - 6 inches to the face of the suspended bay windows on the rear of the addition. Based on the height of the proposed addition, the Zoning Regulations require a minimum rear yard of 21 feet - 8 inches.

**Satisfaction of the Area Variance Relief Standards**

9. The Property includes existing buildings that the Historic Preservation Review Board (HPRB) has deemed to be contributing to the Old Woodley Park Historic District. Therefore, the ability to remove portions of the existing buildings or locate new structures on the property is limited and subject to HPRB review and recommendation to the Mayor to assure that alterations of existing structures and new construction are compatible with the character of the historic district.

10. The project has received conceptual design approval from the HPRB. In order to obtain a positive recommendation from that Board the Applicant was required to locate the addition towards the rear of the Property so it would appear as a separate structure when viewed from Connecticut Avenue.

11. The Property also includes a grade change of approximately nine feet.

**BZA APPLICATION NO. 17556****PAGE NO. 4**

12. The requirement to push the new addition to the rear of the property and the nine foot change in the topography of the Property limits the location for the drive lane providing access to the parking spaces, and the location of the building core (required stairwells, elevators, mechanical equipment, etc.).

13. As a result, the Applicant was forced to locate the addition on the Property in a manner that creates the need for rear yard variance relief. The degree of rear yard relief requested: 2 feet - 2 inches to the face of the building; and 6 feet - 2 inches to the face of the bay windows is not significant.

14. Strict compliance with the rear yard setback requirements would result in sub-standard residential units. The Board accepts the conclusion of the project architect that a residential unit with a depth of 55 feet is ideal for a residential unit and that the proposed project will provide units that have a depth of only 47 feet, 5 inches. A residential unit with a depth of only 41 feet, 3 inches (the depth that would occur with no rear yard relief) would be seriously deficient.

15. The addition, with the proposed rear yard setbacks of 19 feet – 6 inches to the face of the rear wall of the addition and 15 feet – 6 inches to the face of the suspended bay windows, will not cause any detriment to the public good. Garages are currently located right on, or very close to, the Property's boundary with the adjacent alley. The proposed development will create more distance between structures on the Property and the alley than currently exists.

16. The proposed height of the addition is consistent with other buildings in the area and is shorter than the apartment building immediately to the north of the Property. The addition will not include a mechanical penthouse on the roof, which will minimize any loss of light and air to the neighboring properties. The inclusion of the bay windows on the rear of the building, which creates the majority of the requested variance relief, will have no adverse impact on neighboring property, but to the contrary, will provide a more attractive and differentiated façade for surrounding residents that will see the rear of the addition.

17. The Property is located approximately two blocks from a Metrorail station in the high density residential land use category as shown on the Comprehensive Plan's Generalized Land Use Map. The proposed project, 33 residential units along Connecticut Avenue with building heights of approximately 45 and 74 feet, is entirely consistent with the Comprehensive Plan and planning goals for the District. Except for the rear yard requirements, development on the Property will satisfy all matter-of-right zoning requirements in the R-5-D Zone District.

**BZA APPLICATION NO. 17556****PAGE NO. 5****Government Reports**

18. The Office of Planning ("OP") submitted a report, dated January 9, 2007 that supported the variance application. The OP Report noted the application's satisfaction of the three parts of the area variance standard. In particular, the OP Report noted that "The character of Connecticut Avenue, which has taller apartment buildings interspersed with smaller row dwellings, the 60-foot setback from the row dwellings which give the impression of the addition as a separate building, and the limited visibility of the addition makes the proposal compatible with the area. As such, the requested relief should not pose substantial detriment to the public good or impair the intent, purpose or integrity of the Zone Plan."

**Advisory Neighborhood Commission Report**

19. ANC 3C submitted a letter dated January 8, 2006, and presented testimony in support of the application. In testimony before the Board, the ANC representative noted the opportunities that the ANC had provided to residents of the surrounding community to comment on the proposed project.

**CONCLUSIONS OF LAW**

The Board is authorized to grant area variance relief pursuant to D.C. Code § 6-641.07(g)(3) (2001 Ed.), 11 DCMR §3103.2. In order to grant such relief the Board must determine that the Applicant has satisfied the following three part test: (i) the property must be subject to an extraordinary or exceptional situation or condition; (ii) a practical difficulty will result if the applicant is required to satisfy the strict application of the Zoning Regulations; and (iii) no harm to the public or to the zone plan will occur as a result of the approval of the variance application. See *Gilmartin v. District of Columbia Bd. of Zoning Adjustment*, 579 A.2d 1164, 1167 (D.C. 1990).

The D.C. Court of Appeals held in *Clerics of St. Viator v. D.C. Board of Zoning Adjustment*, 320 A.2d 291 (D.C. 1974) that the exceptional situation or condition standard goes to the "property", not just the "land"; and that "...property generally includes the permanent structures existing on the land [footnote omitted]." *Id.* at 293-294. The Court held that the exceptional situation standard of the variance test may be met where the required hardship inheres in the land, or the property (i.e., the building on the land).

In reviewing the standard for practical difficulty, the D.C. Court of Appeals stated in *Palmer v. D.C. Bd. of Zoning Adjustment*, 287 A. 2d 535, 542 (D.C. 1972) that, "[g]enerally it must be shown that compliance with the area restriction would be unnecessarily burdensome. [Footnote omitted.] The nature and extent of the burden which will warrant an area variance is best left to the facts and circumstances of each particular case." In area variances, applicants are not required to show "undue hardship" but must satisfy only "the lower 'practical difficulty' standards." *Tyler v. D.C. Bd. of Zoning Adjustment*, 606 A.2d 1362, 1365 (D.C. 1992), citing *Gilmartin v. D.C. Bd. of Zoning Adjustment*, 579 A.2d 1164, 1170 (D.C. 1990). Finally, it is

## BZA APPLICATION NO. 17556

## PAGE NO. 6

well settled that the BZA may consider "... a wide range of factors in determining whether there is an 'unnecessary burden' or 'practical difficulty'..." *Gilmartin*, 579 A.2d at 1171, citing *Barbour v. D.C. Bd. of Zoning Adjustment*, 358 A.2d 326, 327 (D.C. 1976). See also, *Tyler v. D.C. Bd. of Zoning Adjustment*, 606 A.2d 1362, 1367 (D.C. 1992). Thus, to demonstrate practical difficulty, the Applicant must show that strict compliance with the regulations is burdensome, not impossible.

Based upon the Findings of Fact and having given great weight to the OP and ANC recommendations, the Board concludes that the Applicant has satisfied the area variance relief standards. The Board determines that the Property is subject to an exceptional situation or condition as a result of the specific constraints that have been put upon it by HPRB to locate the addition in such a way that necessitated the variance relief. No other property in this neighborhood has this specific requirement put upon it.

The Board finds that this exceptional condition results in a practical difficulty in satisfying the rear yard requirements of the Zoning Regulations. The request of HPRB that the new addition be pushed to the rear of the Property in combination with the need to have an appropriate width for the residential units, the location of the building's core elements, the topographical constraints of the property, and the need to provide an appropriately sized internal courtyard are all factors that create a practical difficulty to the Applicant. Although HPRB's views are advisory, a negative recommendation would require the Applicant to seek relief before the Mayor's Agent based upon a standard even more stringent than the variance test.

The Board finds that granting the requested relief from the rear yard requirement will not cause substantial detriment to the public good and the variance can be granted without impairing the intent, purpose, and integrity of the Zone Plan. The Board notes that the proposed height, density and parking spaces provided in this project satisfy the matter-of-right requirements in the R-5-D Zone District. In fact, the project provides more space in the rear of the Property than currently exists. The Board also notes that this Property is located in a high density residential land use area as determined by the Comprehensive Plan's Generalized Land Use Map. The Board concludes that granting the requested area variance relief is in harmony with the Zoning Regulations and Map and the use is not inconsistent with the Comprehensive Plan of the District of Columbia.

The Board notes the written statement and testimony presented by the Concerned Neighbors. As stated above, the Board finds that the Property is subject to an extraordinary situation or condition and that as a result of that condition, the Applicant has a practical difficulty in strictly complying with the regulations. The Board also concludes that the Concerned Neighbors' interpretation of the Court of Appeals' decision in *Palmer v. D.C. Board of Zoning Adjustment*, 287 A.2d 535, 542 (D.C. 1972), with regard to the practical difficulty standard, is incorrect. The Court has clarified in later opinions that the statement in *Palmer* upon which Concerned Citizens rely ("[A] variance cannot be granted where property conforming to the regulations will produce a reasonable income **but, if put to another use, will yield a greater income**" (emphasis added.)) *Palmer* at 542 refers to use variances, not area variances. See, *Gilmartin v District of Columbia*, 579 A2d 1164 (1990) at 1170 ("Although this statement was within the section of the opinion

**BZA APPLICATION NO. 17556****PAGE NO. 7**

discussing area variances, it appears that it refers to the particular use of a property and *thus the economic discussion is more appropriately confined to use variances.*") (Emphasis added.) Accordingly, the Applicant is not required to address economic factors with regard to the potential use of the Property in order to satisfy the practical difficulty standard of the area variance. Finally, the Board finds that the concerns raised by the Concerned Neighbors and persons in opposition – building height, traffic and parking impacts, noise – are not relevant to the Board's analysis of whether the Applicant has satisfied the variance test for rear yard relief because they are not a result of the minor rear yard relief and would be the same if the building were built as a matter of right.

For the reasons stated above, the Board concludes that the Applicant has met its burden of proof. It is hereby **ORDERED** that the application for area variance relief from the rear yard requirements for the Property that is known as Square 2107, Lots 56, 57, 75, and 76) is **GRANTED**.

This Application was submitted on September 28, 2006 by W Street, SE 38-42-43, LLC (the "Applicant"), the owner of the property that is subject of the Application. A revised Application was submitted on October 3, 2006 and an amended Application was submitted on January 19, 2007. The Applicant sought variance and special exception relief from the Board of Zoning Adjustment (the "Board" or "BZA") to allow the construction of six (6) three-unit row dwellings and to allow parking in the front yard. The Board held hearings on this Application on January 30, 2007 and April 10, 2007. At the conclusion of the April 10, 2007 hearing, the Board voted 3-0-2 to approve a revised Application.

**PRELIMINARY MATTERS**

**Self-Certification.** The zoning relief requested in this Application is self-certified pursuant to 11 DCMR § 3113.2.

**Notice of Public Hearing.** Pursuant to 11 DCMR § 3113.3, notice of the hearing was sent to the Applicant, all persons or entities owning property with 200 feet of the Applicant's site, Advisory Neighborhood Commission ("ANC") 8A, and the Office of Planning ("OP"). The Applicant posted placards at the property regarding the Application and public hearing and submitted an affidavit to the Board to this effect.

**ANC 8A.** The subject site is located within the area served by ANC 8A, which is automatically a party to this Application. The ANC filed a letter in opposition dated January 30, 2007. However, the letter does not set forth the information required for ANC reports as set forth in 11 DCMR § 3115.1, to be afforded great weight by the Board, notably if and when the ANC meeting was held, if the meeting was publicly noticed, a vote on a motion to adopt the report to the Board, and whether a quorum of commissioners was present at the meeting. The letter is

signed by the commissioner for the affected single member district, but not by the Chair of ANC 8A. The affected single member district commissioner, Ms. LaTasha Hudson, also provided oral testimony at the hearing on January 30, 2006. Her opposition to the Application and that set forth in the ANC letter concerned the parking in the front yard, spillover parking on the street and a preference for single-family detached homes.

**Office of Planning Report.** OP filed a report dated January 23, 2007 that supported the development of new residential units on the vacant site and recommended approval of the six (6) three-unit row houses, but OP did not recommend approval for allowing the required parking spaces to be located in the front yard. OP also raised concerns about grading, landscaping, storm water management and area for recreation. OP filed a supplemental report dated February 23, 2007 in support of the Applicant's revised development plans for five (5) row dwellings, but raised concerns about an increase in the number of units to 20. OP indicated that it would be supportive of an alternative proposal for two-story duplex units combining the cellar and ground floor units which would result in a total of 15 units – a reduction of five units. OP also anticipated a corresponding decrease in the number of parking spaces and an increase in rear yard unpaved area. OP was supportive of the relocation of on site parking to the rear yard, replacement of the existing front retaining wall, consistency of the building line of the row dwellings with other structures on the 1700 block of W Street, S.E., the landscaping plan and the storm water management plan.

**District Department of Transportation (“DDOT”) Report.** DDOT filed a report dated January 26, 2007 which opposed the location of the on site parking in the front yard and suggested that parking be provided in the side or rear yards.

**Department of Housing and Community Development (“DHCD”) Report.** DHCD filed a report dated January 31, 2007 in support of the Application as being consistent with the agency's housing objectives.

**D.C. Board of Education Report.** The Board of Education did not file a report. However, OP in its report was able to use data provided by the District of Columbia State Data Center and noted that there are an adequate number and range of public schools within one mile of the proposed development to accommodate future students who will reside at the proposed development.

**Requests for Party Status.** ANC 8A is automatically a party. The Board did not receive any requests for party status.

**Persons in Opposition.** The Board received two letters in opposition from neighboring property owners, John and Diane James and Kenneth and Pauline Chapman as well as a petition signed by 15 neighboring property owners. The letters generally cited potential adverse impacts from parking in the front yard, a lack of street parking due to the seven (7) apartment buildings on W Street, and a desire for single family homes with landscaped front yards.

**BZA APPLICATION NO. 17562****PAGE NO. 3**

**Persons in Support.** The Board did not receive letters in support.

**Applicant's Case.** Anthony Washington, principle of W Street, SE 38-42-43, LLC, testified on behalf of the Applicant.

**Closing of the Record.** The Board considered the Applicant's supplemental filing of February 14, 2007 at the Board's public meeting of March 6, 2007. At that meeting, the Board agreed to allow the Applicant to file revised plans, and the record was held open until April 4, 2007 for that purpose. An additional limited hearing was held on April 10, 2007, and on that date the Board approved the application.

**FINDINGS OF FACT**

1. The subject property is located in the Anacostia neighborhood of Ward 8 at 1749-1759 W Street, S.E. V Street bounds the 1700 block to the north, Fort Stanton Park to the east, Galen Street to south and 16<sup>th</sup> Street to the west.
2. The site is currently a vacant parcel of approximately 19,122 square feet. The property is on the south side of W Street, with an unimproved paper alley in the rear that does not run the full length of the property. The site slopes up from the street, and slopes sharply down in the rear.
3. The area housing is predominately moderate density row houses, garden apartments and single-family dwellings.
4. The Applicant originally proposed a development of six (6) three-unit row dwellings with parking in the front yard. In response to issues raised by OP, the ANC and neighbors, the Applicant filed a supplemental statement on February 14, 2007 and a supplemental statement and plans on April 4, 2007, which reduced the project to five (5) three-unit row dwellings with parking in the rear yard.
5. The relocation of the on-site parking to the rear yard eliminated the need for variance relief for parking.

**CONCLUSIONS OF LAW**

The Board of Zoning Adjustment is authorized under section 8 of the Zoning Act of 1938, approved June 20, 1938 (52 Stat. 799; D.C. Code § 5-524 (g)(2)), to grant special exceptions as provided in the Zoning Regulations. The Applicant applied under 11 DCMR § 3104.1 for a special exception pursuant to 11 DCMR § 353 for new residential development in the R-5-A district.

The Board may grant a special exception where, in its judgment, two general tests are met, and, the special conditions for the particular exception are met. First, the requested special exception

**BZA APPLICATION NO. 17562****PAGE NO. 4**

must "be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps." 11 DCMR § 3104.1. Second, it must "not tend to affect adversely, the use of neighboring property in accordance with the Zoning Regulations and Zoning Maps." 11 DCMR § 3104.1.

Under Section 353 of the Zoning Regulations, the Board may permit new residential development in the R-5-A district subject to the provisions set forth in 353.1 through 353.4:

353.1 In the R-5-A Districts, all new residential development, except those comprising all one-family detached and semi-detached dwellings, shall be reviewed by the Board of Zoning Adjustment as special exceptions under § 3104.1.

The Board finds that the Applicant is before the BZA with a row dwelling residential development as required by Section 353.1

353.2 The Board shall refer the application to the D.C. Board of Education for comment and recommendation as to the adequacy of existing and planned area schools to accommodate the number of students that can be expected to reside in the project.

The Board finds that although no response was received from the Board of Education, the assessment provided by OP in its January 23, 2007 report is sufficient to conclude that an adequate number and range of public schools exist within one mile of the proposed development to accommodate future students who will reside at the proposed development.

353.3 The Board shall refer the application to the D.C. Department of Transportation and Housing and Community Development for comments and recommendation as to the adequacy of public streets, recreation, and other services to accommodate the residents of the project and the relationship of the proposed project to public plans and projects.

The Board finds that based on the reports from DDOT and DHCD the existing street system of W Street, S.E. and Good Hope Road, S.E. are adequate for the volume of traffic which could be generated by the project and that the close proximity of Fort Stanton Park will supplement the project for any recreation needs of the project residents.

353.4 The Board shall refer the application to the Office of Planning for comments and recommendation on the site plan, arrangement of buildings and structures, and provisions of light, air, parking, recreation, landscaping, and grading as they relate to the future residents of the project and the surrounding neighborhood.

The Board finds that the Applicant has addressed the concerns raised by OP in its reports. The arrangement of the five (5) rowhouse dwellings is compatible with the building line set backs of other properties across the street. This building line set back, the drive aisle and the parking lot in the rear yard collectively ensure that there will be adequate light and air. The landscaping plan is sufficiently detailed to ensure that there is adequate screening in the front of the property and the Applicant's retention of the mature trees on the rear slope of the property along with the

**BZA APPLICATION NO. 17562****PAGE NO. 5**

retaining walls in the front and rear provide attractive buffers in both the front and rear. The parking lot in the rear provides more than adequate amount of parking with 21 spaces for 15 residential units. While the amount of parking is more than required, the Board finds that this additional amount responds to a concern raised by the neighbors about on street parking. The amount of recreation space is limited to walkways in front and behind the dwellings and private decks in the rear, but this limitation is offset by the close proximity of Fort Stanton Park. The Applicant's proposed grading of the site and the storm water management plan will ensure water will run into a grate in the parking lot and toward the driveway easement area where the storm water collection system will be located. A trash dumpster will be located at the south end of the driveway easement in the rear of the property, but it will be in a wooden enclosure to buffer its view from neighboring properties.

The Board concurs with OP that the project as set forth in the plans is consistent with the character of the neighborhood and Applicant has assured that all final details will maintain this consistency. The Board concludes that, pursuant to §§ 353 and 3104.1, the special exception relief requested for the new residential development can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map, and that as conditioned by this order, the special exception will not tend to affect adversely the use of neighboring properties in accordance with the Zoning Regulations and Map.

**ANC Issues and Concerns.**

Under § 3 of the Comprehensive Advisory Neighborhood Commissions Reform Act of 2000, effective June 27, 2000 (D.C. Law 13-135, D.C. Code § 1-309.10(d)(3)(a)) ("ANC Act"), the Board must give great weight to the issues and concerns raised in the written report of the affected Commission. Great weight means acknowledgement of the issues and concerns of the affected ANC and an explanation of why the Board did or did not find their views persuasive. The Board is also required, under D.C. Code § 6-623.04, to give "great weight to OP recommendations."

The OP report mentions that the ANC voted to oppose the Application as originally submitted. While the letter from the ANC does not comply with the requirements of the ANC Act (as restated in the BZA rules for an ANC's views to be given great weight, the Board nonetheless considered and responded to the concerns of the ANC, which were echoed by neighboring residents. The Board finds that the Applicant's supplemental filings address the ANC's and the neighbors' concerns about the location of the parking lot by relocating the parking to the rear yard, the landscaping front yard issues by providing a new retaining wall and a five foot landscaping buffer in front of the row dwellings and the number of units by reducing the number of residences from 18 down to 15.

The Board finds that the Applicant's revised proposal also sufficiently addresses the concerns raised by OP in that the Applicant has reduced the number of units, matched the design and configuration of the development so that it is in character with the mix of housing on the block, provided retaining walls and landscaping to buffer the front and rear of the project, and added

**BZA APPLICATION NO. 17562****PAGE NO. 6**

storm water management and grading to ensure runoff will be addressed. Although the Applicant did not reduce the parking to provide additional landscaping and recreational areas, the Board finds that this is reasonable in order to address the concerns raised by neighborhood residents about the need for additional off-street parking which can be made available to those with larger units or to guests.

For the reasons stated above, the Board concludes that the Applicant has met its burden of proof and grants Special Exception relief under § 353 and § 3104.1 **SUBJECT** to the **CONDITION** that the Applicant shall be allowed flexibility by the Zoning Administrator in the final design of the units so that minor adjustments in the dimensions of the modular housing units may be made as long as such flexibility does not exceed the allowable thresholds in the Zoning Regulations for residential structures in the R-5-A zone district.

**SUMMARY ORDER**

**SELF-CERTIFIED**

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 3E and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 3E, which is automatically a party to this application. ANC 3E submitted a report in support of the application. The Office of Planning (OP) also submitted a report in of the application.

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1, for special exception under section 205. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

As indicated above, this is an application for a child development center in an existing building at the National Presbyterian Church. The Applicant represented that priority enrollment will be offered at the child development center based on a three-tiered system. The first tier will consist of children of faculty and staff of the school; the second tier will consist of children of families of the church and school; and the third tier will consist of children from families who reside in ANC 3E. In addition, two parking spaces will be designated for the staff of the child development center (Exhibit No. 33). Finally, the play area for the children will be located behind the building.
