FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

Case No. 06-41 (Camden Development, Inc. – Consolidated Planned Unit Development and Related Zoning Map Amendment)

THIS CASE IS OF INTEREST TO ANC 6D

On September 8, 2006, the Office of Zoning received an application from Camden Development, Inc. (the “Applicant”) for design review pursuant to the Capitol Gateway Overlay. The Office of Planning provided its reports in support of the application on February 12, 2007, and supplemental reports dated March 12, 2007 and March 30, 2007. A public hearing was held on February 22, 2007, and the Zoning Commission was scheduled to take final action on the case at its meeting on April 9, 2007. At its public meeting, the Zoning Commission proposed that in place of its application for design review, the Applicant submit an identical application but for a consolidated planned unit development and related zoning map amendment to the C-3-C Zone District. The Zoning Commission waived the requirement that the application be set down at a public meeting for a hearing and authorized the Office of Zoning to immediately provide thirty days notice of a hearing once a PUD and map amendment application were received, provided that there were no changes to the plans and no additional zoning flexibility requested. On April 13, 2007, the Office of Zoning received an application requesting consolidated review and approval of a planned unit development that was similar in all respects to the prior application, except that it requested the related zoning map amendment suggested by the Commission.

The property that is the subject of this application has frontage on O Street, S.W. and South Capitol, Street, S.W. and is known as Square 653, Lot 111 (the “Subject Property”). The Subject Property is located in the Southwest neighborhood of Ward 6 and consists of approximately 41,019 square feet of land area.

The Subject Property is currently located in the C-2-C Zone District and within the Capitol Gateway Overlay. The Zoning Map Amendment application requests a rezoning of the Subject Property to the C-3-C District to accommodate the height and density of the proposed development plan.

The proposed PUD seeks consolidated approval to develop one new residential building with a height of 110 feet along South Capitol Street and a height of 70 feet, 8 inches along its western facade. In total, the project will include approximately 276 residential units, including 11,250 square feet of workforce affordable housing, and approximately 260 parking spaces.
