**ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
NOTICE OF RESCHEDULED¹ PUBLIC HEARING**

TIME AND PLACE: Thursday, June 30, 2005, 6:30 P.M.
Office of Zoning Hearing Room
441 4th Street, N.W., Suite 220-South
Washington, D.C. 20001

FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

Case No. 04-18 (Map and Text Amendments to Establish and Map the Mount Vernon Triangle District within the Downtown Development Overlay District (DD) and to Amend the Zoning Map to Rezone Square 483 from C-3-C to DD/C-3-C or, in the alternative, from C-3-C to DD/C-2-C.)

THIS CASE IS OF INTEREST TO ANCS 2F AND 6C

By report dated July 2, 2004, the Office of Planning petitioned for a map and text amendment to establish a new sub-area within the DD Overlay, to be known as the Mount Vernon Triangle District. The District consists of those portions of Squares 451, 483, 484, 484W, 515 and 516 that are within seventy-two feet (72 feet) of the rights of way on each side of K Street or 5th Street, Northwest, as shown on Attachment 1 to the Office of Planning Report dated July 9, 2004. Because Square 483 is not presently mapped in the DD Overlay, and the adjacent Squares are, the Office of Planning also requested that it be rezoned from C-3-C to DD/C-3-C. The Office of Planning's set down report also served as the pre-hearing statement for this case.

The Zoning Commission set down the case for public hearing at its meeting of July 12, 2004, and also voted to advertise an alternative rezoning for Square 483 to DD/C-2-C, which had been the property's previous zoning designation.

The principal DD sub-areas (Shopping, Arts, Chinatown and the three Housing Priority Areas) are currently codified as 11 DCMR §§ 1703 through 1706. Because there are no reserved sections immediately thereafter, this notice will begin the provisions related to the proposed new sub-area with § 1720. This avoids a confusing renumbering of existing provisions and while reserving §§ 1713 through 1719 for any future DD provisions as might be needed. The final codification of these provisions will be determined by the District of Columbia Office of Documents.

¹ This case was previously scheduled for hearing on May 19, 2005.

The proposed amendments are as follows:

A. The Zoning Map of the District of Columbia, as incorporated by reference in 11 DCMR § 106, is amended by rezoning Square 483 from C-3-C to DD/C-3-C or, in the alternative, from C-3-C to DD/C-2-C.

B. Title 11 DCMR (Zoning) is proposed to be amended as follows:

1720 MOUNT VERNON TRIANGLE DISTRICT: OBJECTIVES AND BOUNDARIES (DD/MVT)

1720.1 The principal objectives for the Mount Vernon Triangle District (MVT District) are to:

- (a) Promote the development of ground floor level street frontages that will be active and pedestrian-friendly, particularly along the sections of K and 5th Streets, Northwest that are within the MVT District boundaries, as defined in §1720.2.
- (b) Promote a lively, mixed-use and high density Mount Vernon Triangle neighborhood with neighborhood amenities and retail development that serves the MVT as well as nearby neighborhoods, the Convention Center, and the downtown.

1720.2 The provisions of the MVT District, as stated in §§ 1720 through 1733, apply to an area comprising those portions of Squares 451, 483, 484, 484W, 515 and 516 that are within seventy-two feet (72 feet) of the rights of way on each side of K Street or 5th Street, Northwest, as shown on Attachment 1 to the Office of Planning Report dated July 9, 2004.

1720.3 Any reference in the provisions of the MVT District to the Mount Vernon Triangle Area shall mean the area comprising squares 451, 483, 484, 484W, 515, 515N, 516, 516S, 525, 526, 527, 528, 556, 558, 560, 561, 562, 563, and 563S.

1720.4 All street locations in the MVT District are in Northwest Washington and therefore all future reference to these streets will omit the identification of the Northwest quadrant.

1720.5 All provisions of this Chapter shall apply unless otherwise noted.

1720.6 Except when used in §§ 1725 and 1726, the term "building" shall mean a building located within the MVT District that became subject to the provisions of the DD Overlay after [the effective date of this section] pursuant to § 1700.5.

1721 OFFICE OF PLANNING REVIEW (DD/MVT)

1721.1 An applicant for a building permit or a certificate of occupancy within the MVT District shall provide a copy of the application, including reference to the applicable provisions of the DD Overlay and/or MVT District, to the Director of the D.C. Office of Planning at the time of filing with the Department of Consumer and Regulatory Affairs.

1721.2 The Director of the Office of Planning shall, within sixty days of receipt of the application, provide the Zoning Administrator with a written evaluation of the project's compliance with the provisions of the MVT District. The Zoning Administrator shall take no action on the application for seventy-five (75) days from the date of filing, or for fifteen (15) days after receipt of the Office of Planning report, whichever time period is less.

1722 STREETWALL DESIGN REQUIREMENTS (DD/MVT)

- (c) 6th Street in Squares 484 or 484W if that frontage is within thirty-six feet (36 ft.) of the right-of way of K Street; and
- (d) 4th Street in Square 515 or 516 if that frontage is within thirty-six feet (36 ft.) of the right-of way of K Street.

1722.2 Each building on a lot that fronts on a pedestrian street shall devote not less than fifty percent (50%) of the surface area of the streetwall(s) at the ground level of each building to display windows with clear/low-emissivity glass², except for

² The Zoning Commission will conduct a public hearing on March 31, 2005 on a proposed text amendment that will define the term "clear/low-emissivity glass" (ZC Case 04-31). The Commission will also consider a definition for the term "clear floor-to-ceiling height" as used in proposed § 1722.5. As contained within the Office of Planning Report dated October 29, 2004, the proposed definitions are as follows:

Clear or Low-Emissivity Glass has a visible light transmission rating of at least seventy percent (70%) and an outdoor visible light reflectance rating of no greater than seventeen percent (17%).

Floor to ceiling height is a vertical distance measured from the finished floor to the finished ceiling that is unobstructed by any of the following:

- a) Elements of the building structure other than columns and walls;
- b) Components of mechanical or plumbing systems; or

decorative or architectural accent, and to entrances to commercial uses or to the building.

1722.4 Each building shall be designed so as not to preclude an entrance every forty feet (40 ft.) on average for the linear frontage of the building; excluding vehicular entrances, but including entrance to ground floor uses and any main lobby.

1722.5 The ground floor level of each new building or building addition shall have a minimum clear floor-to-ceiling height of fourteen feet (14 ft.)³ for a distance of at least thirty-six feet (36 ft.) perpendicular to the ground floor's front building line.

1723 PRINCIPAL INTERSECTION AREA (PIA): LOCATIONS INCLUDED (DD/MVT)

1723.1 The provisions of §§ 1723 through 1727 shall apply to those portions of buildings in Squares 483, 484, 515 or 516 that:

- (a) Front on K Street or 5th Street; and
- (b) Fall within any of four (4) seventy-two foot square (72 foot by 72 foot) areas as measured from the point of tangency of the rights of way lines of K Street and 5th Street in the relevant quadrant described by the intersection of these streets.

1723.2 The area described in 1723.1 shall hereafter be referred to as the Principal Intersection Area (PIA).

1723.3 As illustrated in the following table, each of the four corners within the PIA has four (4) thirty-six foot by thirty-six foot (36 foot by 36 foot) sub-areas.

-
- c) Components of electrical systems, except lighting fixtures.

If the ceiling is not finished, the distance shall be measured to the lowest point of any of the structural elements or systems referenced in a), b), or c) above.
