With funds specifically appropriated by the Council for the District of Columbia in FY2005, the Child and Family Services Agency (CFSA) is soliciting applications from organizations with existing agreements with the District of Columbia Superior Court to provide Court Appointed Special Advocates (CASAs) to children in the D.C. child protection system.

To serve the latter population, there is a further requirement that at least 50% of the CASAs themselves be former foster children who aged out of a foster care system within the last seven years.

Successful applicants will provide mentoring services tailored to the two populations listed above. Applicants who apply to this Request for Applications (RFA) must design mentoring services specific to the needs of the target populations as set out in the RFA. A total not to exceed \$200,000 is available for funding successful applicants.

The RFA will be released on August 17, 2005, and the deadline for submissions is September 12, 2005 at 5:00 to the Child and Family Services Agency, 400 6th St. SW, Washington, DC 20024, Attention Brian Campbell (202-442-6151). PUBLIC NOTICE OF FUNDING AVAILABILITY

OFFICE OF EARLY CHILDHOOD DEVELOPMENT (OECD)

**First Year Evaluation Of The
Pre-Kindergarten Incentive Program
RFA# 0804-05**

This Request For Applications (RFA) is for the purpose of obtaining services to design and conduct an evaluation of the first year of implementation of the Pre-Kindergarten Incentive Program (Pre-K) in the District of Columbia.

Under the Pre-Kindergarten Incentive Program, on July 1, 2005, the Office of Early Childhood Development (OECD), a unit of the District of Columbia Department of Human Services, in collaboration with the District of Columbia Public Schools, launched a program to provide true-quality early childhood services for at least 375 District of Columbia children not currently enrolled in an early education program, through funding to a variety of non-profit community-based organizations at 24 sites throughout the District.

The OECD now seeks to begin an evaluation of the first year of the implementation of the Pre-K Program through the collection of and reporting on quantitative and qualitative data with the goal to provide useful input for strengthening the Program.

The OECD is the lead agency in the District of Columbia responsible for providing early care and education services for District of Columbia children six (6) weeks through twelve (12) years of age and through age 18 if the child has a disability.

The OECD invites applications from private and non-profit research organizations and universities.

Funding for the Pre-Kindergarten Incentive Program is made available through a grant from the U. S. Department of Education and administered through a Memorandum of Understanding between the District of Columbia Public Schools and the Department of Human Services, Office of Early Childhood Development.

A maximum of \$360,000 is available for this purpose. One grant will be awarded for an initial period of twelve (12) months, beginning October 1, 2005 and ending September 30, 2006.

Applicants are encouraged to attend a Pre-Application Conference scheduled for Thursday, August 18, 2005, from 1:00 pm to 3:30 pm at the DC Office of Early Childhood Development, 717 14th Street, NW, Eighth Floor Conference Room.

ZONING COMMISSION ORDER NO. 912A
Z.C. Case No. 98-20A
Minor Modification to the Planned Unit Development
for Walter E. Washington Estates
June 13, 2005

Pursuant to notice, a public meeting of the Zoning Commission for the District of Columbia (the "Commission") was held on June 13, 2005. At the meeting, the Zoning Commission approved an application from Cemi-Ridgecrest, Inc. (the "Applicant") for a minor modification to an approved planned unit development (PUD) for a 9.6-acre parcel near 9th and Bellevue Streets and Southern Avenue, S.E. (Square 6159, Lot 125), pursuant to Chapters 1 and 24 of the District of Columbia Zoning Regulations. Because the modifications were deemed to be minor, a public hearing was not conducted. The Commission determined that this modification request was properly before it under the provisions of §§ 2409.9 and 3030 of the Zoning Regulations.

PROCEDURAL HISTORY

By Zoning Commission Order Nos. 829 (dated August 4, 1997) and 912 (dated October 18, 1999), the Commission approved a PUD authorizing construction of the Walter E. Washington Estates, a community redevelopment in the Washington Highlands neighborhood comprising a total of 141 townhouses, an apartment building for seniors, a clubhouse, and a Community Center. The Community Center is authorized, under Order No. 829 to accommodate, among other uses, a child development center and an after-school program, subject to certain conditions as to the number and ages of participating children. The PUD site is zoned R-5-A.

Two previous minor modifications to this PUD, and one modification after public hearing, have been granted. The first minor modification was for site plan changes to create more green space in rear yards (Order No. 829A) and the second was to allow construction of the senior building in place of 11 approved townhouses (Order No. 829B).

A modification that required a public hearing (Zoning Commission Case No. 98-20M/97-3C, Order No. 912) authorized the Applicant to expand the PUD site to include two additional lots that the Applicant had acquired subsequent to the original PUD. Order No. 912 approved plan changes to (1) relocate the Community Center to the 9th Street frontage of the enlarged PUD site and (2) construct 11 townhouses on the former Community Center site. The Community Center was also enlarged to accommodate anticipated demand for space for community service organizations. The design was also

Page 2

modified in response to the opportunity presented by the larger site. The residential buildings in the PUD have been constructed and occupied for several years as of the date of this Order.

FINDINGS OF FACT

The application submitted on June 1, 2005 presented factual evidence and addressed the proposed expansion in number of children pursuant to the criteria for approval of a child development center in 11 DCMR § 205.

The Community Center is under construction and occupancy is projected for September 2005. The Center will offer job training, continuing education, child care, and public space for the community. It will house three tenants: the Darrell Green Youth Life Foundation, the Walter E. Washington Computer Learning Center, and the Nation's Capital Child and Family Development child development center and after-school programs. The childcare facilities were approved in Order No. 829 to be located on the lower level and second level of the building. In the instant minor modification, the requested changes relate only to the child development center and the after-school program.

First PUD Modification. The first requested modification is an increase in the maximum number of children allowed in the child development center and a change to the allowed age range of the children. The approved uses in the Center were not modified by Order No. 912 and continue to be governed by Decision Condition No. 6 in the original Order, No. 829, as follows:

6. *The Community Center shall include uses generally consistent with the following:*

- a. *A day care center which shall operate from approximately 7 a.m. through 7 p.m. Monday through Friday, for a total of approximately 35 children from the ages of six months to five years. Although PUD residents will be given first priority, other area residents will be eligible for space. The Center shall meet all regulations and standards required for the operation of such a facility.*
- b. *After school care for approximately 8 children, ages six through fourteen. The hours of operation of this program shall be from approximately 3 p.m. to 7 p.m., Monday through Friday.*

(Conditions c, d, and e are not related to the substance of this minor modification.)

The Applicant's first request is to allow fifty-nine (59) children to be served by the day care center rather than thirty-five (35) children as approved in Condition 6a. The Applicant also requests that ages six (6) weeks to five (5) years be allowed as the age range of the children, rather than six (6) months to five (5) years. The Applicant stated

Z.C. Order No. 912A
Z.C. Case No. 98-20A
Page 3

that the need for day care facilities in this part of Ward 8 is high, as indicated by officials at the Department of Health to the Applicant's day care provider. The operator of the facility, the Nation's Capital Child and Family Development ("NCCFD"), is the largest day care provider in the city, and advised the Applicant of the need. Demand to accommodate additional children at that center and others east of the Anacostia River is strong.

The child care center will occupy the lower level of the Community Center building. According to licensing standards, the space available for childcare can accommodate 59 children, pursuant to 29 DCMR § 328.3.

Second PUD Modification. Condition 6b of Order No. 829 approved an after-school care program for "six children, ages six through fourteen," with hours of operation from 3 p.m. to 7 p.m. Monday through Friday. In this minor modification, the Applicant requests approval for thirty-three (33) children rather than eight (8) children as originally approved to be in the after school care program. This program will be located on the second level in the Community Center. The Applicant also requests that the age range for the children be changed from six (6) to fourteen (14) years as approved in Order No. 829 to four (4) to twelve (12) years of age.

The application stated that increasing the number of children allowed to participate in the after-school care program will better utilize the resources available at the facility, will provide extended activities to more children and will provide more jobs to the neighborhood. Its broadened reach will better serve the community at large and have a positive impact on both participants and residents. Pursuant to 29 DCMR § 328.3, up to 33 children can be accommodated in the space allocated to the after-school program.

The application addressed the criteria for approval of the proposed expansion in participants using the criteria for approving a Child Development Center under § 205 of the Zoning Regulations. In summary, the rationale for approval presented by the Applicant is as follows:

The use is allowed as a special exception in the R-5-A District.

The Applicant's day care provider has had preliminary consultations with licensing regarding compliance with licensing standards. The application also included documentation of compliance with child development center standards in DCMR 29, including in particular the requirement of thirty-five (35) square feet of floor area per child.

There is little likelihood of adverse effects on neighboring property for several reasons. This child care center was designed to serve the new Walter E. Washington Estates community, and the Community Center was evaluated and approved as an integral part of the PUD.

It is projected that approximately seventy-five percent (75%) of the parents will live within walking distance and will walk the children to the site. Approximately fifteen

Z.C. Order No. 912A
Z.C. Case No. 98-20A
Page 4

percent (15%) will use public transit and ten percent (10%) will drive. This is based on the experience of the Johenning child care center at 4025 9th Street, S.E., approximately one block away, which is run by the day care provider in this case. For parents who drive, the Center has thirty-four (34) parking spaces that parents can use while walking their children into the Center. Finally, drop-offs will occur over the time period from 7:00 to 9:30 a.m. and pick-ups will occur over a three-hour period from 3:00 to 6:00 p.m. Accordingly, automobile congestion is unlikely.

Finally, as shown on the Site Plan submitted by the Applicant, the driveway accessing the parking area is directly off of 9th Street, S.E., so that cars will not need to pass by any residences to reach the parking area and Community Center.

The thirty-four (34) parking spaces dedicated to the Community Center will be ample for the child care and after-school programs in combination with the other two organizations that will use the building.

The play area is immediately adjacent to the Community Center building, so that the children will not need to cross a street or alley to use it. The tennis court is immediately adjacent to the play area and will also serve as recreation space.

There is no other child development center within the same square. There is one within 1,000 feet, and there will be no cumulative adverse effect on the neighborhood because both centers serve families in the immediate neighborhood.

There was no opposition to the proposed minor modification. Advisory Neighborhood Commission 8E was served by the Applicant with the requested modification, but did not submit a written report. The Office of Planning ("OP") was not requested to and did not submit a written report to the Commission.

On June 13, 2005, at its regular monthly meeting, the Zoning Commission reviewed the Application as a Consent Calendar matter and granted approval of the minor modification to the approved PUD. The Zoning Commission concurs with the Applicant that approving the modification is appropriate and not inconsistent with the intent of 11 DCMR §§ 2409.9 and 3030.

CONCLUSIONS OF LAW

Upon consideration of the record in this Application, the Zoning Commission finds that the proposed modification is minor and consistent with the intent of the previously approved Zoning Commission Order No. 829. Further, the Commission concludes that its decision is in the best interest of the District of Columbia and is consistent with the intent and purpose of the Zoning Regulations and Zoning Act.

The approval of the modification is not inconsistent with the Comprehensive Plan. Further, the proposed modification will enable the Community Center and child care services therein to serve more children and families in the immediate vicinity.

The modification is sufficiently minor that consideration as a Consent Calendar item without a public hearing is appropriate.

DECISION

In consideration of the Findings of Fact and Conclusions of Law herein, the Zoning Commission for the District of Columbia hereby orders **APPROVAL** of the Application for a minor modification of an approved PUD. Conditions Numbered 6a and 6b of Order No. 829 are hereby revised to read as follows:

“6. The Community Center shall include uses generally consistent with the following:

- “a. A day care center which shall operate from approximately 7 a.m. through 7 p.m. Monday through Friday, for a total of approximately fifty-nine (59) children from the ages of six (6) weeks to five (5) years. Although PUD residents will be given first priority, other area residents will be eligible for space. The Center shall meet all regulations and standards required for the operation of such a facility.
- “b. After school care for approximately thirty-three (33) children, ages four (4) through twelve (12). The hours of operation of this program shall be from approximately 3 p.m. to 7 p.m., Monday through Friday.”

This Order was **ADOPTED** by the Zoning Commission at its public meeting on June 13, 2005, by a vote of 5-0-0 (John G. Parsons, Gregory N. Jeffries, Carol J. Mitten, Anthony Hood, and Kevin L. Hildebrand to adopt).

In accordance with the provisions of 11 DCMR § 3028.8, this Order shall become final and effective upon publication in the D.C. Register; that is, on _____.

ZONING COMMISSION ORDER NO. 942-B
Z.C. Case No. 00-38A
(Minor Modification to the Consolidated Planned Unit Development
for Fredrick Douglass/Stanton "Henson Ridge" Hope VI Revitalization)
May 9, 2005

Pursuant to notice, a public meeting of the Zoning Commission for the District of Columbia (the "Commission") was held on May 9, 2005. At the meeting, the Zoning Commission approved an application from the Fredrick Douglass and Stanton Community Redevelopment, L.L.C. and the Housing Authority of the District of Columbia (the "Applicant") for a minor modification to an approved planned unit development ("PUD") for property consisting of Lots 1-14 in Square 5880; Lots 1-26 in Square 5881; Lots 13-57 in Square 5882; Lots 1-22, 825, 831, 835, and 836 in Square 5883; Lots 38-40 and 43-57 in Square 5885; and Lots 27, 29, and 31-61 in Square 5890. Because the modification was deemed to be minor, a public hearing was not conducted. The Commission determined that this modification request was properly before it under the provisions of §§ 2409.9 and 3030 of the Zoning Regulations.

FINDINGS OF FACT

By Zoning Commission Order No. 942-A, dated September 17, 2001 ("Order"), the Commission approved a PUD for multiple properties in Squares 5880, 5881, 5882, 5883, 5885, and 5890, being the sites of the former Frederick Douglass Dwellings and Stanton Dwellings public housing projects. The Order approved the construction of a 52-acre HOPE VI community redevelopment project that comprises a total of 600 units of housing, including 530 two-story semi-detached and row houses, forty-two (42) one-story semi-detached bungalows, and twenty-eight (28) units of stacked flats. The project is known as "Henson Ridge". The redevelopment plan also provides for closing of several streets and alleys and the creation of new streets and alleys. The zoning of the subject property is R-5-A.

The Applicant requested a modification of the Order that would extend the deadline for completion of construction of the Henson Ridge Project. The current Order requires construction to be completed by November 16, 2005. In conjunction with the request for a minor modification, the Applicant advised the Commission that only half of the 600 units of housing would be completed by the prescribed deadline.

In support for its request for a minor modification, the Applicant stated that the project has been delayed due its large size and a number of complexities associated with development and construction processes. Some of the factors contributing to this delay include: significant site preparation (such as the razing of 186 buildings), the survey of 602 new lots, street and alley

PAGE 2

closings, and the construction of infrastructure for 600 housing units. Obtaining the appropriate financing and HUD approvals required for the project also took longer than anticipated.

There was no opposition to this minor modification request. Advisory Neighborhood Commissions 8B and 8E were served by Applicant with notice of the requested modification. No written comments from either ANC were received by the Commission. The Office of Planning ("OP") was also served by Applicant. No written report from OP was received by the Commission.

On May 9, 2005, at its regular monthly meeting, the Zoning Commission reviewed the application as a Consent Calendar matter and granted approval of the application for a minor modification to the approved PUD.

The Zoning Commission believes that approving the modification is appropriate and not inconsistent with the intent of 11 DCMR §§ 2409.9 and 3030.

CONCLUSIONS OF LAW

Upon consideration of the record in this application, the Zoning Commission finds that the proposed modification is minor and consistent with the intent of the previously approved Zoning Commission Order No. 942-A. Further, the Commission concludes that its decision is in the best interest of the District of Columbia and is consistent with the intent and purpose of the Zoning Regulations.

The approval of the modification is not inconsistent with the Comprehensive Plan. Additionally, the proposed modification provides the Applicant with a sufficient amount of time to complete construction of the project.

The modification is sufficiently minor that consideration as a Consent Calendar item without a public hearing is appropriate.

DECISION

In consideration of the Findings of Fact and Conclusions of Law herein, the Zoning Commission for the District of Columbia hereby orders **APPROVAL** of the application for a minor modification of an approved PUD. Condition No. 10 of Z.C. Order No. 942-A is hereby revised to read, "The construction of the PUD development may occur in fourteen (14) different phases as shown on Exhibit 23, Tab 5. The Applicant shall have the flexibility to substitute any one phase for any other phase provided, however, that all construction (other than "add-on" features selected by individual homeowners) shall be completed by December 31, 2008, barring unforeseen circumstances beyond the Applicant's reasonable control." All other provisions and conditions of Z.C. Order 942-A shall remain in effect.

In furtherance of 11 DCMR § 2409.3, no building permit shall be issued by the Department of Consumer and Regulatory Affairs (DCRA) for the minor modification until the Applicant has recorded a "Notice of Modification" of Zoning Commission Order No. 942-A among the land

records of the District of Columbia. The Notice of Modification shall include true copies of Zoning Commission Order No. 942-A and this Order (Zoning Commission Order No. 942-B). The recordation of the Notice of Modification shall bind the Applicant and any successors in title to construct on and use the site in accordance with this Order and any amendments thereof. Because construction on this project is in progress, this minor PUD modification shall be fully vested upon the filing of the Notice.

This application was approved by the Zoning Commission at its public meeting on May 9, 2005, by a vote of 5-0-0 (John G. Parsons, Carol J. Mitten, Anthony J. Hood, Kevin L. Hildebrand, and Gregory N. Jeffries to approve).

In accordance with the provisions of 11 DCMR § 3028.8, this Order shall become final and effective upon publication in the D.C. Register; that is, on _____.

DECISION DATE: **June 13, 2005**

SUMMARY ORDER

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Commission provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register*, by mail to Advisory Neighborhood Commission (ANC) 2E, and to owners of property within 200 feet of the site.

The campus of Georgetown University is located within the jurisdiction of ANC 2E, which submitted a letter to the Zoning Commission expressing enthusiastic support of the application.

As directed by 11 DCMR § 3035.4, the Commission required the Applicant to satisfy the burden of proving the elements of § 210 of the Zoning Regulations, which are necessary to establish the case for a special exception for Universities. No persons or parties testified in opposition to the application. Accordingly, a decision by the Commission to grant this application would not be adverse to any party.

Based upon the record before the Commission, the Commission concludes that the Applicant has met the burden of proof pursuant to 11 DCMR § 210 and that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Commission further concludes that granting the requested relief will not tend to adversely affect the use of neighboring property in accordance with the Zoning Regulations and Map.

It is, therefore, **ORDERED** that the application be **GRANTED**.

Pursuant to 11 DCMR § 3100.5, the Commission has determined to waive the requirement of 11 DCMR § 3125.3 that findings of fact and conclusions of law accompany the Order of the Commission. The waiver will not prejudice the rights of any party, and is appropriate in this case.

DECISION DATE: May 16, 2005 (Bench Decision)

SUMMARY ORDER

1. Advisory Neighborhood Commission (“ANC”) 2A was a party in this proceeding.
2. Pursuant to Commission practices relating to Campus Plans, the application was not accompanied by a self-certification form or memorandum from the Zoning Administrator certifying the required zoning relief.
3. The Applicant submitted a plan for developing the campus as whole, showing the location, height, and bulk of all present and proposed improvement as required by 11 DCMR § 210.4. The Board of Zoning Adjustment (“BZA”) approved that plan by Order dated March 29, 2001. The Board clarified that Order, on remand, by Order dated January 23, 2002. A University representative testified at the public hearing that the University is in compliance with the applicable conditions of that Order.
4. The Commission provided proper and timely notice of public hearing on this application by publication in the *D.C. Register* and by mail to ANC 2A, the Office of Planning (“OP”), and to owners of property within 200 feet of the site.

5. The OP submitted a memorandum dated April 29, 2005, stating that the application meets the requirements of the Zoning Regulations and, for that reason, recommended its approval.
6. The Commission is required under § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code §6-623.04 (2001)), to give great weight to OP recommendations. The Commission carefully considered the OP report and accepts its findings and recommendation.
7. By letter dated April 24, 2005, the ANC stated that it has properly voted unanimously to support the application contingent upon the Applicant's agreement to alter its proposed plan reducing the number of outside tables by nine (9) and outside seats by eighteen (18) and to maintain the outside area that is directly affected thereby as open space.
8. As directed by 11 DCMR § 3119.2, the Commission requires the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a special exception pursuant to 11 DCMR §§ 3104.1 and 210. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Commission to grant this application would not be adverse to any party.
9. Under § 3 of the Comprehensive Advisory Neighborhood Commissions Reform Act of 2000, effective June 27, 2000 (D.C. Law 13-135, D.C. Code §1-309.10(d) (3) (a)), the Commission must give great weight to the issues and concerns raised in the written report of the affected Commission. By sworn oral testimony at the public hearing the Applicant's representative agreed to amend the proposed outside table and seating plan as requested by the ANC.
10. As directed by 11 DCMR § 3119.2, the Commission requires the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a special exception pursuant to 11 DCMR §§ 3104.1 and 210. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Commission to grant this application would not be adverse to any party.
11. Based upon the record before the Commission and having given great weight to the Office of Planning and ANC reports filed in this case, the Commission concludes that the Applicant has met the burden of proving under 11 DCMR §§ 3104.1 and 210 that the requested relief can be granted being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Commission further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.
12. Pursuant to 11 DCMR § 3100.5, the Commission has determined to waive the requirement of 11 DCMR § 3125.3 that the Order of the Commission be accompanied by findings of Fact and Conclusions of Law. It is, therefore, **ORDERED** that this
