

Community Academy Public Charter Schools**REQUEST FOR PROPOSALS****Development/Architectural/Engineering Services**

Community Academy Public Charter Schools (CAPCS), a District of Columbia public charter school located at 1300 Allison Street, NW, Washington, DC 20011, is requesting proposals for architectural and engineering services and the development of the CAPCS-owned property at 1400 First Street, NW, Washington, DC (the "Property") for the establishment of its fifth charter school campus. The school will serve up to 1,000 school children in grades pre-school through 12th.

The Property is approximately 2.56 acres. The Property is primarily composed of an existing school building and adjacent open space. The three-story Armstrong school building has a footprint of approximately 42,700 sq. ft. and a gross building area of approximately 110,000 sq. ft. Responses to a prior RFP on this property (see below) suggested developing the open space as a means of generating a revenue stream to support development of the charter school campus. Suggested uses for the development included housing, retail, parking or a combination thereof. CAPCS is interested in developing this area in a way that does not interfere with the primary use of the Property as a charter school campus and a contributing asset to the community.

This new RFP supersedes the original RFP issued in November 2004 and cancelled by notice on July 15, 2005 and any other RFP issued regarding the Property. Those who remain interested in this project and submitted proposals in response to the November 2004 RFP or any other RFP regarding the Property are required to submit new or amended proposals for this new RFP.

The deadline for proposals is October 17, 2005. To receive a copy of the RFP or additional information, including a Scope of Work and an ALTA survey please contact Cecelia Blalock at ceceliablalock@capcs.org or (202)234-5437.

ZONING COMMISSION ORDER NO. 04-24
Z.C. CASE NO. 04-24
(First-Stage Planned Unit Development and Related
Zoning Map Amendment at Rhode Island Avenue
Metrorail Station)
September 15, 2005

Pursuant to notice, the Zoning Commission for the District of Columbia held a public hearing on May 26, 2005, to consider applications from A&R Development Corporation and Mid-City Urban LLC for approval of a First-Stage Planned Unit Development and related Zoning Map Amendment from M to C-2-B. The Commission considered the applications pursuant to Chapters 24 and 30 of the Zoning Regulations, Title 11 of the District of Columbia Municipal Regulations ("DCMR"). The public hearing was conducted in accordance with the provisions of 11 DCMR § 3022. For the reasons stated below, the Zoning Commission hereby approves the applications.

FINDINGS OF FACT

The Applications, Parties, and Public Hearing

1. On September 24, 2004, A & R Development Corporation and Mid-City Urban LLC (the "Applicant") filed applications for review and approval of a First-Stage Planned Unit Development ("PUD") and related Zoning Map Amendment (collectively, the "Applications") for a portion of Parcel 131 (Lot 233 and portions of Lots 234 and 235, the "PUD Site").
2. The owner of the property is the Washington Metropolitan Area Transit Authority ("WMATA"), which has entered into a ground lease and development agreement with the Applicant.
3. At its November 8, 2004 public meeting, the Zoning Commission (the "Commission") determined to set down the Applications for public hearing.
4. The Applicant submitted its Pre-Hearing Submission on March 4, 2005, and the Commission held a public hearing on the Applications on May 26, 2005. The Commission heard testimony from the Applicant and its expert witnesses and

from the Advisory Neighborhood Commissioner ("ANC") from ANC 5B03 and individual citizens.

5. The Applicant and ANC 5B were the only parties in the case, but the ANC did not participate.
6. At its August 1, 2005 meeting, the Zoning Commission took proposed action by a vote of 4-0-1 to approve with conditions the Applications and plans presented at the public hearing and found in Exhibit 14 of the record of the case.
7. The proposed action of the Commission was referred to the National Capital Planning Commission ("NCPC") pursuant to § 492 of the District Charter. NCPC, by action dated July 28, 2005, found that the proposal did not adversely affect the identified federal interests nor be inconsistent with the Comprehensive Plan for the National Capital.

The Property and the Surrounding Area

8. The property is located immediately to the east of the Rhode Island Avenue Metrorail station in Northeast Washington and comprises Lot 233 and parts of Lots 234 and 235 in Parcel 131.
9. The PUD Site consists of the existing Metrorail commuter parking lot, vehicular service lanes, and pedestrian walkways for the transit station. The site is generally bounded by Rhode Island Avenue, N.E. on the north, the access roadway to the Metrorail Station on the east and south, and the Metrorail and railroad tracks on the west.
10. The PUD Site has 319,446 square feet of area, or 7.33 acres, and is situated on a fairly level plateau elevated above Rhode Island Avenue. An abutting parcel of 1.44 acres (62,954 square feet) will be developed as a matter of right by WMATA as a 200-car parking garage to replace the existing commuter parking lot. This development and property is not part of the PUD.
11. The existing land use pattern in the four (4) quadrants surrounding the intersection of the Rhode Island Avenue Metrorail Station and Rhode Island Avenue reflects the historical industrial uses and zoning of this area. The area immediately surrounding the station consists of some continuing light industrial uses, vacant industrial structures and land, "heavy" commercial uses such as automotive repair, places of worship, and newer retail uses. A large postal distribution center is located to the south of the PUD Site. This core area around the metro station is in turn surrounded by residential neighborhoods - Brentwood, Brookland, Edgewood, and Eckington.
12. Immediately to the east of the PUD Site is the still-developing Brentwood Shopping Center, which includes an existing Home Depot store and a large Giant

supermarket. A third site will accommodate two (2) additional large-format retailers.

Existing and Proposed Zoning

13. The PUD Site, and the area to the south and west of it, is currently zoned M (General Industry), which permits general industrial and commercial uses up to a maximum density of 6.0 FAR and a maximum height of ninety (90) feet. The existing zoning prohibits new residential uses and is, therefore, not suitable to accommodate a mixed-use town center development as proposed in this PUD application.
14. The predominant zoning in the other three (3) quadrants (using Rhode Island Avenue and the railroad tracks as the dividers) is C-M-2, a medium density light industrial zone that allows a maximum density of 4.0 FAR and a maximum height of sixty (60) feet. The northwest quadrant is zoned C-3-A (medium-density commercial), and part of the northeast quadrant is zoned C-2-C (high-density mixed use).
15. The Applicant requests rezoning of the PUD Site to the C-2-B District, a medium-density mixed-use zone that will accommodate the requested height and bulk of buildings and the proposed mixture of residential and retail uses. As a matter of right, C-2-B allows a maximum density of 3.5 FAR for residential and mixed uses, with a maximum of 1.5 FAR devoted to commercial uses. Maximum permitted height is sixty-five (65) feet. With a PUD, the maximum permitted density is 6.0 FAR with a 2.0 FAR limitation on commercial uses, and a maximum permitted building height of ninety (90) feet. This zoning will accommodate the proposed development, which has a maximum building height of eighty-one (81) feet and a density of 1.83 FAR.

The PUD Project

16. The design vision for Rhode Island Avenue Metro is to create a vibrant, mixed-use town center that combines living, work, and retail spaces to promote a sense of community within the larger context of the surrounding neighborhoods. The plan features a "New Urbanist" Main Street with smaller scale neighborhood restaurants and shopping, a pedestrian orientation and easy access to rapid transit via Metrorail and bus.
17. The Applicant's three (3) goals for the design of Metro Plaza are to:
 - a. Create an urban, pedestrian-friendly environment, designed with New Urbanist principles, which would also be accessible by other forms of transportation, including automobiles and public transportation.

- b. Provide destination and specialty retail tenants that will attract Metrorail commuters as well as residents of the new community and the surrounding neighborhoods.
 - c. Provide line-of-sight and pedestrian linkages to the large-format Brentwood Shopping Center adjacent to the east. This will increase pedestrian traffic through Metro Plaza and increase access and patronage to the shopping center without adding vehicular traffic.
18. The plans for Rhode Island Avenue Metro create a Main Street that is generally perpendicular to the Metrorail tracks and approximately 570 feet long. At the ground floor level (and in some locations, on the second floor), Main Street will be lined on both sides with retail stores, restaurants, cafes, and convenience services. Three (3) stories of rental apartments will be located over the retail uses on both sides of Main Street. On the north side of Main Street will be a parking garage behind the retail stores that negotiates the slope down towards Rhode Island Avenue. Along the Avenue will be mixed-use buildings facing the street and backing up to the parking garage and to the mixed use buildings on the uphill, interior side of the site.
 19. The buildings fronting on the 440 feet of frontage on Rhode Island Avenue will be mixed use, with active uses on the ground floor and three (3) floors of apartments above. The types of ground floor occupants are expected to include incubator space for local businesses at reduced rents; neighborhood arts organizations; and other community uses or businesses not requiring curb-side parking in front of the store or foot traffic.
 20. At the east end of the Rhode Island Avenue frontage is the access drive to the Metrorail station. Along this roadway and up to Main Street, new development will continue seamlessly and will "wrap around" on to Main Street. Here the ground level will be retail stores, including one large-format store, with apartments above.
 21. The south frontage of Main Street, like the north frontage, will be lined with ground floor retail and entertainment uses, with a second parking garage located to the rear. This garage was planned to provide parking for residents only, but as part of the second stage of this PUD, the Applicant will address the feasibility of the garage providing overflow parking capacity for the Metro station. The two (2) garages accommodate a total of 451 spaces. There will also be forty-one (41) short-term, on-street spaces along Main Street to serve the stores, restaurants, and cafes. The PUD Site also accommodates fifteen (15) Kiss & Ride and five (5) taxi drop-off spaces for Metrorail customers.
 22. Main Street will be pedestrian and retail oriented. The design plan includes continuous storefronts with large display windows and frequent entrances, served

by ample sidewalks with amenities such as benches, landscaping, and special lighting and pavement details. Residential amenities will include a community room, health room, and other support spaces, all sited around and focused on a well-landscaped common space. A swimming pool is situated in a sheltered location to the south of Main Street.

23. The 271 rental apartments are projected to include a mix of approximately 106 one-bedroom units, 148 two-bedrooms and 17 three-bedrooms. Twenty percent (20%) of the apartments will be affordable to low and moderate income households, including units for households with fifty percent (50%) of Metropolitan area median income.
24. The aggregate gross floor area for the PUD project, including the two (2) on-site parking garages, is 585,660 square feet of gross floor area, and the floor area ratio ("FAR") is 1.83.
25. The report of the Applicant's transportation consultant, dated May 11, 2005 was submitted to the record of the case and to the D.C. Department of Transportation ("DDOT"). The report examines existing traffic conditions, levels of service, circulation to and within the PUD Site plan, parking and loading, trip generation from the proposed PUD project and the total traffic situation. The report concludes that the proposed PUD project would have no appreciable adverse traffic impacts on the surrounding roadway network or land uses. The report also concludes that the proposed site access, parking, and loading provisions will be adequate from both the operational and safety perspectives. The consultant recommends that the main internal intersection at the Metrorail access roadway, Main Street and the Brentwood Shopping Center entrance be further evaluated, including a signal warrant analysis and remedial measures as necessary. This recommendation recognizes that this intersection will serve as a "Gateway" to a major mixed land use complex comprising the Metro station, the Brentwood Shopping Center and the proposed Rhode Island Avenue Metro Development."
26. On a separate lot to the south of the PUD Site, WMATA will construct a 200-car parking garage to replace the existing surface parking on the PUD Site. It will be constructed as a matter of right in the M District. Automobile and bus traffic destined for the Metrorail parking garage will follow the existing perimeter access road to reach this garage, thereby by-passing Main Street and maintaining it as primarily a local shopping and service street, and a pedestrian way to the Metrorail station.

Public Benefits and Project Amenities

27. The Commission finds that the project will create the following public benefits and project amenities:

- a. *Mixed-Use Town Center.* This project will offer the benefits of a mixed-use, transit-oriented development. The uses will reinforce each other, creating convenience and amenity for the occupants and the public. The retail and service uses will be supported by Metrorail customers and on-site residents and as a result will have more size and diversity to serve residents of the surrounding neighborhoods. Because of these three (3) primary bases of customer support, the retail establishments have a strong basis for economic viability. Retail and service establishments tend to hire a high proportion of neighborhood residents, and retail and residential uses pay a high rate of taxes to the city.
- b. *Transit-Oriented Development.* Transit-oriented developments in general help to offset sprawl and undue increases in automobile traffic that would result from the same amount of development in more scattered locations. The town center will have ample amenity spaces and a Main Street that is pedestrian-friendly and easily walked end-to-end while parking once for the convenience of and appeal to shoppers. The project exhibits the six (6) positive features highlighted in the Office of Planning's ("OP") report on transit-oriented development:
- 1) Mix of Uses
 - 2) Attractive Architecture and Design
 - 3) Pedestrian-Friendly, Safe Environment
 - 4) Parking Management
 - 5) High Quality Public Realm and Amenities
 - 6) Orientation and Connectivity.
- c. *Housing Supply, Affordable Housing, and Population.* The 271 apartments will add to the city's housing supply and population, an important and high-priority goal of Mayor Anthony Williams and OP. Twenty percent (20%) of the units will be affordable and thus will help meet city's critical need for housing for low- and moderate-income people, another high-priority goal of the District of Columbia government. The on-site residents will help create evening activity on Main Street, thereby improving public safety and helping extend the business hours and economic productivity of the retail uses.
- d. *Architecture and Urban Design.* The architecture and urban design of the project are visually and functionally appealing and will be an enhancement to the neighborhood and the District of Columbia. The town center is designed to create a strong sense of place generally following "neo-traditional" or "New Urbanist" design principles. The buildings have traditional design detailing and proportions and a human scale. The public spaces are well defined, and the shops along Main Street create a street wall lined with display windows and entrances to shops to create customer

interest and to invite walking along the ample sidewalks with landscaping and benches. At 570 feet, the length of Main Street is walkable by shoppers, who will only have to park once to patronize any of the shops or restaurants, as well as the big box stores at the adjacent Brentwood Shopping Center. A special design feature is the creation of a new active street frontage of mixed-use buildings along Rhode Island Avenue. This will create a more attractive and functional urban environment than the bare bluff that exists alongside Rhode Island Avenue at present.

- e. *Transportation.* The project will provide residents of the apartments with immediate access to the Metrorail rapid transit system for automobile-free travel around the city and region. The project successfully incorporates the necessary parking, access drives and pedestrian ways to serve the Metrorail station while achieving important new development on the PUD Site. The access road to the Metrorail station already exists and can absorb the moderate increase in traffic generated by this medium-density mixed-use development. The access road is sufficiently long that there is no reason to anticipate traffic backups on Rhode Island Avenue itself. However, the traffic circulation information provided by the Applicant was inadequate despite the repeated attempts of the Commission to obtain greater detail. The Commission will revisit this PUD evaluation factor at the second stage at which time the Applicant must provide far more information concerning traffic circulation than its current submittal.
28. The Commission finds that the project is consistent with numerous policies of the Comprehensive Plan in the Housing, Economic Development, Environment, Land Use, Transportation, and Urban Design Elements, as well as the following major theme:
 - a. *Respecting and Improving the Physical Character of the District.* A large underutilized site at a Metrorail station but in a generally declining industrial area will be put to much more beneficial use in terms of aesthetics and economic development than the existing parking use. There will be no displacement of existing residents or businesses. The PUD project will contribute to the long-term physical and economic improvement of the area around the Rhode Island Avenue Metrorail Station.

Report of the Office of Planning

29. By report dated May 16, 2005 and by testimony presented at the public hearing, OP recommended approval of the Applications. The OP report reviewed the history of modifications of the project, noting favorably that the Rhode Island Avenue frontage will be developed with mixed-use buildings including community incubator space and retail uses with ground-floor ceiling heights of at

least fourteen (14) feet. OP also noted that the retail and entertainment uses on Main Street will occupy two (2) floors in some locations. The report cited consistency with several Comprehensive Plan policies and designations, including the designation in the Land Use Element of this location as the Rhode Island Avenue Metrorail Development Opportunity Area. Such a designation encompasses Metrorail station areas where there are opportunities for development because of significant amounts of underutilized land nearby that can support development for housing and commercial development while also promoting increased ridership for Metrorail. OP also made several recommendations regarding the second-stage application, including a 14-foot minimum ceiling height for ground floor retail and incubator space, shared parking, the option of artist studios or live-work space in community space, and First Source and LSDBE agreements.

Other District of Columbia Agencies

30. DDOT submitted a report dated May 20, 2005 recommending approval of the first-stage PUD. The report also raised several concerns and recommended that the Applicant address these in the second-stage application. DDOT recommends that the number of kiss-and-ride parking spaces be replaced in kind, that several visitor parking spaces for the apartments be provided, and that a few parking spaces be allocated to car-sharing services. The report referenced the transportation consultant's recommendation for a signal warrant analysis of the proposed intersection at Main Street, the perimeter road, and the Brentwood Shopping Center Entrance.

Advisory Neighborhood Commission 5B

31. ANC 5B did not submit a report on this case or testify at the public hearing. However, the Commissioner for ANC 5B03 testified at the public hearing and submitted a copy of a letter she had written to WMATA and OP expressing serious concern about the reduction in commuter parking spaces for Metrorail riders from 340 on the surface lot to 200 spaces in the WMATA parking garage that will be constructed adjacent to the PUD Site. The letter requested that WMATA and OP reconsider and authorize a larger parking garage.

CONCLUSIONS OF LAW

1. The PUD process is an appropriate means of controlling development of the site in a manner consistent with the best interests of the District of Columbia.
2. Pursuant to the Zoning Regulations, the PUD process is designed to encourage high-quality development that provides public benefits. 11 DCMR § 2400.1. The overall goal of the PUD process is to permit flexibility of development and other

incentives, provided that the PUD project "offers a commendable number or quality of public benefits, and that it protects and advances the public health, safety, welfare, and convenience." 11 DCMR § 2400.2.

3. Under the PUD process of the Zoning Regulations, the Zoning Commission has the authority to consider this application as a two-stage PUD. The Commission may impose development conditions, guidelines, and standards which may exceed or be less than the matter-of-right standards identified for height, FAR, lot occupancy, parking and loading, or for yards and courts. The Commission may also approve uses that are permitted as special exceptions and would otherwise require approval by the Board of Zoning Adjustment.
4. The development of this PUD project carries out the purposes of Chapter 24 of the Zoning Regulations to encourage well planned developments that will offer a variety of building types with more attractive and efficient overall planning and design, not achievable under matter-of-right development.
5. The proposed PUD meets the minimum area requirements of § 2401.1 of the Zoning Regulations.
6. The PUD is within the applicable height and bulk standards of the Zoning Regulations. The height and density will not cause an adverse effect on nearby properties. The proposed mixed-use development is appropriate on this site, which is well served by a major arterial street, bus lines and a Metrorail station immediately adjacent to the PUD Site.
7. First-stage approval of this PUD and the proposed C-2-B zoning of the PUD Site are not inconsistent with the *Comprehensive Plan for the National Capital*.
8. First-stage approval of the PUD Applications will promote the orderly development of the site in conformity with the entirety of the District of Columbia Zone Plan as embodied in the Zoning Regulations and Zoning Map of the District of Columbia.
9. The Commission is required under D.C. Code § 1-309.10(d) (2001) to give great weight to the issues and concerns raised in the recommendations of the affected ANC. The Commission notes that the affected ANC did not submit written recommendations in this proceeding nor testify at the public hearing.
10. The Application is subject to compliance with D.C. Law 2-38, the Human Rights Act of 1977.

Sexual harassment is a form of sex discrimination that is also prohibited by the Act. In addition, harassment based on any of the above protected categories is also prohibited by the Act. Discrimination in violation of the Act will not be tolerated. Violators will be subject to disciplinary action. The failure or refusal of the Applicant to comply shall furnish grounds for the denial or, if issued, revocation of any building permits or certificates of occupancy issued pursuant to this Order.

On July 11, 2005, the Commission took proposed action to **APPROVE** the application by a vote of 4-0-1 (Anthony J. Hood, Gregory N. Jeffries, John G. Parsons, and Kevin L. Hildebrand to approve; Carol J. Mitten, not having participated, not voting) .

ZONING COMMISSION ORDER NO. 05-14
Z.C. Case No. 05-14
Consolidated Planned Unit Development
Non-Profit Community Development Corporation of Washington, D.C., Inc.
July 25, 2005

Pursuant to notice, the Zoning Commission for the District of Columbia ("Commission") held a public hearing on June 23, 2005 to consider an application from the Non-Profit Community Development Corporation of Washington, D.C., Inc. ("NPCDC" or the "Applicant") for consolidated review and approval of a Planned Unit Development ("PUD") pursuant to Chapter 24 of the D.C. Zoning Regulations, Title 11 of the District of Columbia Municipal Regulations. The public hearing was conducted in accordance with the provisions of 11 DCMR § 3022, the procedures for contested cases. For the reasons stated below, the Commission grants the application.

FINDINGS OF FACT

The Application, Parties, and Hearing

1. On May 13, 2005, the Applicant filed an application with the Zoning Commission for the District of Columbia for the consolidated review and approval of a PUD for the property located at 2750 14th Street, N.W. (the "Site").¹ The application requested approval to construct a mixed-use building including an affordable housing component, a market-rate housing component, a child care center, and retail commercial space in the Columbia Heights neighborhood ("Project"). The Site is zoned C-2-B, and no change of zone classification was requested.
2. The Applicant submitted its Pre-Hearing Submission on May 16, 2005.
3. At a special public meeting on May 23, 2005, the Zoning Commission decided to set-down the application for a public hearing. At the special public meeting, the Commission also agreed to waive its procedural rules that require submission of

¹ The Applicant previously sought the relief requested in its PUD application in a variance application filed with the Board of Zoning Adjustment ("BZA"), BZA Case No. 17302. After the BZA granted the variance relief, the Zoning Commission initiated a *sua sponte* review of the BZA's decision pursuant to 11 DCMR § 3011. At the same time that the Zoning Commission announced it was initiating a *sua sponte* review, the Commission offered the Applicant the opportunity to submit a PUD application requesting the same relief granted in the BZA proceeding, and indicated it would consider the PUD application before it completed its *sua sponte* review of the BZA's decision. The Commission will dispose of the *sua sponte* review in a separate order.

documents, information, and requests for party status in advance of the hearing. The Commission indicated it was willing to receive all required documents, evidence, and party status requests at the hearing. The Commission also waived its procedural rule requiring a 20-day period between the receipt of a pre-hearing submission and advertisement of the Public Hearing Notice.

4. After proper notice, the Zoning Commission opened the public hearing on June 23, 2005 and completed the public hearing that evening. At the conclusion of the public hearing, the Commission took proposed action to approve the PUD application.
5. The parties to the case were the Applicant and Advisory Neighborhood Commission ("ANC") 1B, within which the Site is located.
6. The Applicant is a not-for-profit corporation engaged in urban and neighborhood revitalization through the construction and renovation of housing in the District of Columbia. Since its inception in 1994, NPCDC has built and renovated more than 350 units of housing, including apartments and single-family homes, in such neighborhoods as Anacostia, Columbia Heights, Petworth, and upper Georgia Avenue.
7. Following the hearing and proposed action, the Commission referred the proposed action to the National Capital Planning Commission ("NCPC"). NCPC did not provide comment prior to July 25, 2005, the date set for the Commission to Zoning Commission to take final action on the PUD application. The Commission therefore considered the matter at its public meeting on July 25, 2005 and took final action to approve the application on that date.

The Site and Surrounding Area

8. The Site is legally designated as at Lot 73, Square 2667, in the Columbia Heights neighborhood of the District. This location is in Ward 1 and within the boundaries of ANC 1B, and has a street address of 2750 14th Street, N.W.
9. The land area occupied by the Site is approximately 24,000 square feet.
10. The Site and the properties to the north and south on both sides of 14th Street, NW are zoned C-2-B. This area of 14th Street consists of mainly medium- to high-density residential buildings and moderate-density commercial uses. The neighborhood to the west of the Site is zoned R-5-B and consists of moderate-density residential uses.

The Project

11. The Project is part of a larger revitalization of the 14th Street corridor of Columbia Heights being undertaken by the National Capital Revitalization Corporation

("NCRC"), an independent agency of the District government responsible for developing properties under its control to promote neighborhood revitalization.

12. NPCDC acquired the property from NCRC and proposed to develop the property with 56 residential condominiums, 20,000 square feet of non-residential space, and 77 underground parking spaces. Twenty-eight of the 56 condominium units will be designated as affordable dwelling units, restricted for sale to purchasers earning between 30 and 80 percent of the area median income as defined by the United States Department of Housing and Urban Development.
13. The Applicant proposes to construct an 83,999-square-foot, 3.5 FAR, seven-story, mixed-use building. The building will also contain retail space, a childcare center, and 77 underground parking spaces.
14. NPCDC signed a ten year lease with Urban Development Associates to operate an 8,000-square-foot child care center in the building.
15. NPCDC intends to lease the remaining 12,000 square feet of nonresidential space to commercial tenants such as cafes and retailers.
16. NPCDC set aside \$250,000 as a commercial rent subsidy for a locally owned and operating business tenant.

Zoning Flexibility Sought

17. The Applicant requests relief from the 65-foot height restriction of the C-2-B district to construct a building with a height of 74.25 feet.
18. The height flexibility sought by the Applicant is within the 90-foot height limit for PUDs located within C-2-B zone districts, pursuant to 11 DCMR § 2405.1. A portion of the additional height will be used to increase ground floor height, which the Applicant claims is necessary to attract upscale commercial tenants. The other portion of additional height will be allocated to the market rate units, so as to make those units more attractive to market rate purchasers, without reducing the number of affordable residential units in the Project.

Public Benefits that Warrant the Zoning Flexibility Sought

19. Several public benefits will result from Project particularly in the following public benefit categories as enumerated in 11 DCMR § 2403.9:

(a) *11 DCMR § 2403.9(f) – Housing and affordable housing.* The Project will provide a total of 56 residential condominiums. Half of these condominiums will be sold at market rate. The other half will be sold at prices affordable to families earning between 30 and 80 percent of the area median income. The affordable and market rate units are interspersed and are indistinguishable from one another in terms of size and product.

(b) *11 DCMR § 2403.9(g) – Social services/facilities.* The Applicant signed a ten-year lease with Urban Development Associates to operate an 8,000-square-foot child care center in the building.

(c) *11 DCMR § 2403.9(c) – Effective and safe vehicular access.* The Project will provide 77 underground parking spaces, which provides one space per residential condominium and another 21 spaces for commercial or residential use. This number of spaces provided is 51 spaces greater than the required 26 spaces. The Project utilizes the existing network of alleys, rather than creating new driveways that would interrupt pedestrian flow on the sidewalk. The site is served well by public transportation. The Site is directly proximate to the 14th Street bus line, and the Columbia Heights Metro Station is three blocks to the north.

(d) *11 DCMR § 2403.9(i) – Uses of special value to the neighborhood or the District of Columbia as a whole.* The Applicant set aside \$250,000, which it will use to subsidize the rent of a locally-owned and operating small business in the building.

(e) *11 DCMR § 2403.9(j) – The proposed PUD substantially advances the major themes and other policies and objectives of any of the elements of the Comprehensive Plan.* The Project will provide 28 units of affordable housing and 28 units of market rate housing, which advances a central theme of the Housing Element of the Comprehensive Plan: stimulating the production of housing. In addition the Project advances many of the policies stated in the Housing Element of the Comprehensive Plan, including:

- Use all available public and private resources to support programs designed to stimulate the construction of affordable housing by private non-profit housing providers (10 DCMR § 300.2(d)).
- Designate as residential opportunity areas sites where significant housing development can appropriately occur (10 DCMR § 302.2(d)).
- Establish as a matter of major governmental priority the production of housing for low- and moderate-income households (10 DCMR § 303.2(a)).
- Use Planned Unit Developments to encourage the construction or rehabilitation of additional multi-family housing at suitable locations (10 DCMR § 306.2(i)).
- Work to achieve an adequate supply of child care facilities by allowing the establishment of new child care facilities in residential and mixed use areas (10 DCMR § 306.2(q)).

In addition, the following Ward 1 Elements are furthered by this Project:

- Participation of qualified neighborhood development organizations, and development of needed commercial and service establishments (10 DCMR §§ 1202.1 (f) and (m)).
 - Increasing daycare facilities to encourage the entry of Ward 1 residents into the workforce (10 DCMR §1203.1(c)).
 - Developing commercial areas of the ward along the 14th Street corridor to increase employment opportunities (10 DCMR § 1203.1(d)).
 - Encourages production of new housing to meet all levels of need in Ward 1 (10 DCMR § 1205.1(a)).
 - Section 1205.1(b) provides a housing objective to provide for the housing needs of low and moderate-income households (10 DCMR § 1205.1(b)).
 - Targeting residential development opportunity areas where significant housing development can appropriately occur and encouraging multi-unit housing development along the 14th Street corridor (10 DCMR § 1206.1).
20. The project is acceptable in all other § 2403.9 categories.

Consistency with the Comprehensive Plan

21. The Project is not inconsistent with the Comprehensive Plan. The site lies in the Columbia Heights Housing Opportunity Area, as shown on the Generalized Land Use Policies Map. This policy makes the development of residential uses a priority in this area of the District. As noted in the preceding discussion, the project will also further important objectives of the Ward 1 Elements.

Impact of Project

22. The PUD project will have favorable effects on the surrounding area. The additional height requested is well within the 90-foot height limitation for PUDs in the C-2-B zone district, and the Commission agrees with the Office of Planning that the additional height will have a favorable impact on the surrounding area by allowing for higher quality retail in the commercial space of the building and by making the affordable and market rate housing components more attractive to potential purchasers, thereby allowing for a higher percentage of affordable housing within the Project.

Office of Planning Report

23. By report dated June 10, 2005 and by testimony presented at the public hearing, the Office of Planning ("OP") recommended approval of the PUD. OP stated that

the Project, "is superior to that which would [be] constructed as a matter of right; the amenities are superior and provide significant public benefit, especially the 50% affordable housing component and the [P]roject will contribute to the overall vitality of the 14th Street corridor."

24. OP also concluded that the Project is not inconsistent with the Comprehensive Plan.

Advisory Neighborhood Commission 1B

25. By letter dated June 6, 2005, Advisory Neighborhood Commission 1B stated that it voted unanimously to support approval of the Project. ANC 1B's letter stated that it "strongly endorses the 50% affordable component presented [by the Project], and strongly believes the additional height requested for the retail level is critical towards attracting better neighborhood serving tenants." The ANC further requested that the Commission do everything possible to expedite processing of the PUD.

CONCLUSIONS OF LAW

PUD

1. Pursuant to the Zoning Regulations, the PUD process is designed to encourage high-quality development that provides public benefits that cannot be achieved under matter-of-right development. 11 DCMR § 2400.1. The overall goal of the PUD process is to permit flexibility of development and other incentives, provided that the PUD project "offers a commendable number or quality of public benefits, and that it protects and advances the public health, safety, welfare, and convenience." 11 DCMR § 2400.2.
2. Under the PUD process of the Zoning Regulations, the Zoning Commission has the authority to consider this application as a consolidated PUD. The Commission may impose development conditions, guidelines, and standards that may exceed or be less than the matter-of-right standards identified for height, FAR, lot occupancy, parking, loading, yards, and courts.
3. The development of this PUD project carries out the purposes of Chapter 24 of the Zoning Regulations in that it contributes affordable housing, child care facilities, and high quality retail to an area designated as a housing opportunity area, and which is currently underserved by child care facilities and neighborhood-friendly retailers.
4. The proposed PUD meets the minimum area requirements of § 2401.1 of the Zoning Regulations.

5. The impact of the project on the surrounding area is acceptable and its impact on the operation of District services is beneficial.
6. The Project's public benefits are a reasonable trade-off for the zoning flexibility requested on the site.
7. Approval of this PUD is not inconsistent with the Comprehensive Plan.
8. The approval of the Application will promote the orderly development of the site in conformity with the entirety of the District of Columbia zone plan as embodied in the Zoning Regulations and Zoning Map of the District of Columbia.

General Findings

9. The Commission is required under § 5 of the Office of Zoning Independence Act of 1990, effective September 20, 1990 (D.C. Law 8-163; D.C. Official Code § 6-623.04 (2001)), to give great weight to OP recommendations. The Commission carefully considered the OP report and, as explained in this decision, finds its recommendation to grant the application persuasive.
10. Under § 3 of the Comprehensive Advisory Neighborhood Commissions Reform Act of 2000, effective June 27, 2000 (D.C. Law 13-135, D.C. Code § 1-309.10(d)(3)(a)), the Commission must give great weight to the issues and concerns raised in the written report of the affected Commission.
11. ANC 1B strongly supported the PUD and stated it believed the additional height requested was necessary to attract commercial tenants to the Project that would positively serve the neighborhood. The Commission has carefully considered the ANC's recommendation for approval and concurs with its recommendation.
12. The Application is subject to compliance with D.C. Law 2-38, the Human Rights Act of 1977.

2. The Applicant shall have flexibility with the design of the PUD in the following areas:
 - a. To vary the location and design of all interior components provided that the variations do not materially change the exterior configuration of the structure;
 - b. To vary the final selection of the exterior materials within the color ranges and material types as proposed, based on availability at the time of construction, without reducing the quality of the materials; and
 - c. To make refinements to exterior materials, details and dimensions, railings, roof, architectural embellishments and trim, or any other changes to comply with the District of Columbia Building Code or that are otherwise necessary to obtain a final building permit or any other applicable approvals
3. No zoning relief has been granted to the Applicant other than the height flexibility expressly stated in this Order.
4. No building permit shall be issued for this PUD until the Applicant has recorded a covenant in the land records of the District of Columbia, between the owners and the District of Columbia, that is satisfactory to the Office of the Attorney General and the Zoning Division of the Department of Consumer and Regulatory Affairs (DCRA). Such covenant shall bind the Applicant and all successors in title to construct on and use this property in accordance with this Order or amendment thereof by the Zoning Commission.
5. The Office of Zoning shall not release the record of this case to the Zoning Division of the Department of Consumer and Regulatory Affairs until the Applicant has filed a copy of the covenant with the records of the Zoning Commission.
6. The PUD approved by the Zoning Commission shall be valid for a period of two years from the effective date of this Order. Within such time, an application must be filed for a building permit. Construction shall begin on the facility within three years after the effective date of this Order.
7. The Applicant is required to comply fully with the provisions of the Human Rights Act of 1977, D.C. Law 2-38, as amended, and this Order is conditioned upon full compliance with those provisions. addition, harassment based on any of the above protected categories is also prohibited by the Act. Discrimination in violation of the Act shall not be tolerated. Violators shall be subject to disciplinary action. The failure or refusal of the Applicant to comply shall furnish grounds for the denial or, if issued, revocation of any building permits or certificates of occupancy issued pursuant to this Order.

8. In accordance with the plans and materials noted above, the approved PUD shall include 56 residential units with approximately 77 underground parking spaces. At its highest point, the roofs of the buildings will be 74.25 feet tall.
9. The Project will include 28 units available for sale as affordable units restricted for sale to purchasers earning between 30 and 80 percent of the area median income as defined by the United States Department of Housing and Urban Development.
10. The Project will include an 8,000-square-foot child care center.
