BZA APPLICATION NO. 17013

PAGE NO. 2

As directed by 11 DCMR § 3119.2, the Board required the applicant to satisfy the burden of proving the elements that are necessary to establish the case for special exceptions pursuant to 11 DCMR §§ 3104.1, 2514.2, 353, and 205, and a variance under 11 DCMR § 3103.2 from the strict application of the requirements of § 2514.2(a). No party appeared at the public hearing in opposition to this application or otherwise requested to participate as a party in this proceeding. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

The Board closed the record at the conclusion of the hearing. Based upon the record before the Board, and having given great weight to the ANC and the Office of Planning reports filed in this case, the Board concludes that the applicant has met the burden of proof pursuant to 11 DCMR §§ 3104.1 for special exceptions under sections 2514.2, 353, and 205, that the requested relief can be granted as in harmony with the general purpose and intent of the Zoning Regulations and Map and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

The Board also concludes that the applicant has met its burden of proof under 11 DCMR §§ 3103.2 and 2514.2(a), that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that the application is **GRANTED**.

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: **4-0-1** (Geoffrey H. Griffis, Curtis L. Etherly, Jr., Anthony J. Hood and Ruthanne G. Miller to approve, David A. Zaidain not present, not voting).

BY ORDER OF THE D.C. BOARD OF ZONING ADJUSTMENT

FINAL DATE OF ORDER: **MAY 27 2003**
