**D.C. OFFICE OF PLANNING****NOTICE OF PUBLIC HEARING**

Riggs Road/South Dakota Avenue Small Area Plan

November 13, 2008

6:00 to 8:30 p.m.

LaSalle Elementary School, 501 Riggs Road, Washington, DC 20011

In early 2005, the Lamond/Riggs Civic Association requested the DC Office of Planning (DCOP) develop a small area plan for the area surrounding the South Dakota Avenue and Riggs Road intersection. Located in both Wards 4 and 5, the half mile area surrounding this intersection is currently undergoing significant transformation. The character of the area has historically been primarily residential, anchored by the Fort Totten Metro and supported by small scale commercial and retail shops at the intersection. However, due to the neighborhoods quality housing stock and schools, and anchored by the Fort Totten Metro, the area has become ripe for commercial and residential development.

The DCOP recognizes the importance of new development and enhancements to the economic, physical, and social landscape around the intersection and is using this planning initiative to create a vision for overall growth in the area, ensuring consistency between past, ongoing, and future plans and projects.

The primary purpose of the Riggs Road and South Dakota Avenue Area Development Draft Plan is to provide clear policy direction for land use and development within the area. The Plan's vision builds on this contextual framework and establishes the following guiding principles:

- Establish a dynamic neighborhood center at Riggs Road and South Dakota Avenue that enhances community character and reactivates the street
- Attract development that serves all generations;
- Connect, activate, and create new open spaces;
- Promote safe access and circulation throughout the neighborhood

The Plan identified six opportunity sites for redevelopment in the primary study area. These sites were chosen based on a combination of factors, including a detailed market analysis and current neighborhood conditions. Each opportunity site was evaluated independently and in concurrence with the remainder of the study area to identify appropriate potential uses for redevelopment.

The draft plan is available for public review at the following locations:
